ARISTA

A Vision for Home.
An Arista Community.

A community begins with a vision. A place where homes, nature and everyday life come together. Where thoughtful planning creates room to grow, connect and belong.

At Bridgelands, Arista is bringing that vision to life. Set within a new master-planned community in Woodbridge, our thoughtfully designed homes reflect the care and craftsmanship we bring to every detail. Natural landscapes and shared spaces complete the setting, creating a place to put down roots and feel at home.

Welcome home.
Welcome to Bridgelands.
By Arista.

Artists concept, combined Block 41 master-planned vision, subject to change. E.&O.E.

Building Homes. Bringing People Together.

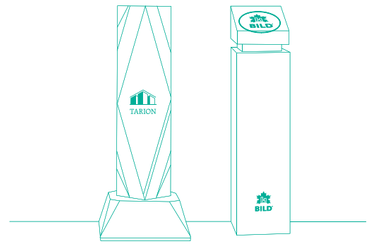

Since 1994, Arista has created homes and communities where life gathers, families grow, and neighbours become friends.

Founded by Michael DeGasperis on the values of hard work, family, and honesty, we bring intention, pride, and integrity to everything we do. We call it the Arista Way.

From thoughtful design and lasting craftsmanship to personal service that continues beyond move-in day, our purpose is simple: to make more homeowners happy.

At Bridgelands, that promise continues. Homes built with care, ready for your next chapter.

Arista. Together.

Behind Every Home, A Team That Cares.

A home is where little moments become lasting memories. Where children grow, families gather, and life unfolds.

It's these everyday moments that inspire the Arista "A" Team. Our architects, designers, engineers, and craftspeople share one commitment: to build homes we would be proud to call our own.

For more than 30 years, we've earned trust by listening, building with care, and finding better ways to bring communities to life. Our awards recognize that dedication. The families who grow with us give it meaning.

At Bridgelands, we bring that same experience and heart to your family's next chapter.

Arista. Together.

More comfort. Less energy. Life, together.

The Arista Difference.
Care in Every Detail.

The best features of a home are often the ones you feel. Fresh air. Comfortable rooms. A favourite corner that feels just right.

At Bridgelands, Arista's Life-Friendly approach brings thoughtful building practices and everyday comfort together. Our ENERGY STAR® certified homes feature carefully considered insulation, ventilation and energy-saving features that help your home work efficiently, leaving you to enjoy the moments that matter.

20% more energy efficient than typical new homes. Comfort you can feel. Efficiency you can appreciate.*

It's care that reaches beyond your front door. Through responsible materials and smarter building practices, we're working towards a better tomorrow for the communities we call home.

Arista. Together.

Arista's ENERGY STAR® certified homes are independently tested and verified for energy efficiency. Certified homes use up to 20% less energy than typical homes. Features and actual savings vary by home and usage. Specifications are subject to change without notice. E. & O.E.

TOWNHOME COLLECTION

Space to Gather.
Room to Breathe.

ARISTA. TOGETHER.

The freehold townhome collection is thoughtfully integrated into the broader vision for Bridgelands. With architectural variety and well-considered streetscapes, these homes bring energy and connection to the neighbourhood while offering different ways to live.

Artist's concept.

Every Community.
Part of Our Story.

Since 1994, Arista has helped shape neighbourhoods across the GTA and Southern Ontario. Each reflects our commitment to thoughtful design, quality craftsmanship and places people are proud to call home.

From established neighbourhoods to communities taking shape today, discover the places that define Arista.
